TECHNICAL SKILLS

- **Programming:** Python (Pandas, NumPy, scikit-learn, Matplotlib, Tensorflow, Pytorch), Jupyter Notebook, R (EDA/statistics)
- **SQL & Warehousing:** SQL (joins, CTEs, window functions), Redshift, PostgreSQL, MySQL, Data Warehousing, Star schema
- **ETL & Data Modeling:** ETL pipelines, data modeling (relational & dimensional), data quality & governance
- **Analytics & Visualization:** Power BI, Tableau, (*familiar*) QuickSight, KPI design, Microsoft Excel, A/B testing, statistical analysis
- **Machine Learning / AI:** Classification, Clustering, Regression, NLP(text mining) Deep Learning, CNN, Model Development Lifecycle
- **Cloud & Tools:** AWS (S3, SageMaker), Databricks, Looker; Agile/Scrum, stakeholder communication, project management

RELEVANT EXPERIENCE

Research Assistant - AI/ML | *Arizona State University & HonorHealth*

Dec 2024 - Current

- Prepared large-scale medical imaging datasets by loading and cleaning VinDr Mammogram metadata with Pandas and NumPy in Jupyter Notebook on ASU's SOL desktop, ensuring data integrity and consistency.
- Enhanced dataset quality and balance through EDA in Python, visualizing distributions with Matplotlib to detect skewness.
- Optimizing object detection workflows by experimenting with YOLO and RetinaNet (ResNet-101 backbone) using PyTorch, tuning hyperparameters, and visualizing performance metrics with TensorBoard to evaluate accuracy and improve outcomes.
- Collaborating with researchers on model performance analysis, aligning insights with project goals to drive data-driven decisions.

Data and BI Analyst | *Yocket*

Mar 2024 - Jul 2024

- Increased premium conversion revenue by 30% by building SQL-driven Metabase dashboards that tracked user behavior, performance KPIs, and sales trends for leadership decision-making.
- Boosted monthly revenue by \$200K by forecasting staffing needs (Python, Excel) and adding 15+ new hires during growth surge.
- Improved lead-to-conversion rate by 1.5% by automating CRM lead flow for balanced workload allocation across the sales team.

Business Intelligence Analyst | *Azent Overseas Education Ltd*

Dec 2022 - Feb 2024

- Boosted partner activation by 15% MoM by conducting Exploratory Data Analysis on application data (Excel, statistics) to uncover product/process gaps and leading operational streamlining initiatives.
- Reduced reporting time by 3 days by creating Zoho Analytics dashboard for partner interactions, enabling faster decision-making.
- Onboarded 500+ consultants in 3 months by analyzing competitor data to guide B2B business strategy & align outreach efforts.

Sales Data Analyst | *Byju's (Think and Learn)*

Jan 2021 - Nov 2022

- Raised student conversion rates to 60% by performing customer segmentation using K-Means clustering to refine sales strategy.
- Achieved 90% student retention through SWOT analysis & redesigning SOPs, enhancing engagement & customer service quality.

PROJECTS

Financial Forecasting Dashboard - *MedAire, Inc. (Capstone)*

Jan 2025 - May 2025

- Built an interactive Power BI dashboard using data modeling & advanced DAX to forecast contractual revenue; integrated KPIs and scenario levers for real-time what-if analysis.
- Pre-processed 500K+ financial records in Python (Pandas, NumPy), to ensure data uniformity and uncover revenue statistics.

Wait Time Estimation for Campus Eateries - *ASU*

Feb 2025 - Mar 2025

- Designed a YOLOv8-based model to count customers with spatial filtering, enhancing queue monitoring accuracy for eateries.
- Trained an MLP regression model on image-derived counts to predict wait times, enabling better staffing & service flow planning.

BERT Topic Modeling & Sentiment Analysis – ASU: Leveraged AWS SageMaker EC2 and BERTopic on 100K+ Yelp tips with NLP to extract 30 customer themes and deliver sentiment insights.

EDUCATION

Master of Science | **Business Analytics - Big Data (GPA 4.0/4.0)**

W. P. Carey School of Business, Arizona State University

Aug 2024 - May 2025

Tempe AZ

Bachelor of Technology | **Computer Science & Engineering**

Amity School of Engineering and Technology, Amity University

Jul 2014 - Jun 2018

Noida, India
